4.My device: Possibility to add other BT devices.
5.My name: Bluetooth name of your phone.

MANUFACTURER'S LIMITED WARRANTY

This warranty does not limit the rights granted to consumers by specific national rules on consumer goods. The period of time during which this warranty is valid is limited to 24 months starting from the first date of purchase of the product. If it is used for professional purposes, the period is reduced to 12 months. During the warranty period, the national distributor Easyteck indicated at the bottom of this certificate, will, at its own expense and within a reasonable time, remove any interferences that may be encountered, and caused by manufacturing defects. Except as required by applicable law, the defects found by assistance personnel will be resolved by repair or, at the discretion Easyteck, through the replacement of the Product.
This limited warranty is only valid in the European country for which the product is intended and is the sole responsibility of the national distributor of reference for that country and which is identified in the bottom of the certificate. Some limitations in assistance services covered by this warranty may arise from the presence of specific components for a country.
Warranty referred to accessories and spare parts contained in the package
The package for the product covered by this warranty may contain accessories or spare parts that have a different warranty period since they are consumables, the warranty periods are summarized as follows:
- 24 months for cell phones

26

- 12 months for non-consumable accessories
- 6 months for batteries, headsets, memory cards or other.

The following are not covered by the warranty:
-The manuals and/or packaging
-User contents, configurations downloaded into the product or third party software
-Costs related to shipping the product to and from an authorized service center
-Deterioration caused by normal wear and tear including batteries
-Breakage due to accidental causes or inexperience and all damages caused by any external agent.
-Damage caused by improper use as described in the manual supplied with the product.
-All failures caused by use of non-original accessories, by viruses, or by connections to computers and networks.
-All defects caused by exposure to moisture and/or steam, from use under extreme thermal or environmental conditions or in the presence of corrosion, oxidation, food, liquid or chemical spills.

Limits of Liability:
The SIM card that is required to use the phone is provided by the phone operator and is therefore excluded from the warranty.
-This warranty is the protection given to the consumer by Easyteck through the reference dealer and is not intended to limit guarantees to the consumer which the retailer must ensure in accordance with the laws of the different countries.

27

-This warranty will be honored only and exclusively at authorized service centers or at retailers that are responsible for selling Easyteck brand products.
-The terms of the Guarantee shall not be extended under any circumstances and will be effective only from the date the product is first sold to the final consumer, as certified by a valid receipt.
-The faulty parts replaced during repairs under warranty are the sole property of Easyteck and cannot be demanded by the consumer in any way.
-To the extent permitted by applicable law and in the absence of fraud, no liability is attributable to Easyteck for damages due to loss of user data caused by any defect covered by the warranty.
-The consumer, to be able to obtain the repair, must always deliver the product to the authorized service center at his own expense, devoid of any lock or security code that limits or prevents use.
-Loss of profit, losses caused by non-use of the product or loss of revenues for any direct, indirect, special or consequential damages are also excluded from the liability.
-The responsibility of Easyteck is always limited to the purchase value of the product and the consumer is always responsible for keeping a copy of the personal data and software stored in the phone's memory.
-For faults which, for the reasons listed above, are not attributable to the terms of this warranty the con-sumer who does not want to have the repair carried out, will be required to pay the corresponding amount requested by the service center. Easyteck shall in no way be held responsible for this request because it is not under warranty.
CAUTION: The warranty is not valid if any attempts have been made to open or tamper with the pro-duct, including remove and/or obliterate labels and/or the IMEI code of the product.

INFORMATION FOR USERS
pursuant to Legislative Decree No. 49 of March 14, 2014
"Implementation of Directive 2012/19 / EU on Waste Electrical and Electronic Equipment (WEEE)"
This wheeled bin symbol on the product indicates that at the end of its life must be collected separately from other waste. The user must, therefore, take the remote control integrates the essential components that got to its life to the appropriate differentiated collection centers for electronic and electro-technical waste, or return it to the dealer when purchasing a new appliance of equivalent type, in terms of one to one, or one to zero for equipment having longer side of less than 25 cm. Appropriate separate collection for the decommissioned equipment for recycling, processing and environmentally compatible disposal helps prevent negative impact on the environment and human health and promotes recycling of the materials making up the product. Illegal dumping of the product by the user entails the application of administrative sanctions stated in Legislative Decree n. Legislative Decree No. 49 of March 14, 2014.

Your product contains batteries covered by the European Directive 2013/56/EU, and that can not be disposed of with normal household waste. Please inform yourself about the local rules on separate collection of batteries because correct disposal helps to prevent negative consequences for the environment and health.
The battery is incorporated, to be disposed at the end of the useful life of the product, it can not be removed by the user. In this case, recycling or recovery centers handle the dismantling of the product and remove the battery.

READ CAREFULLY AND KEEP THE INFORMATION FOR FUTURE REFERENCE

Declaration of conformity Directive RED 2014/53/EU
The company FONEX SPA declares that the product T120 complies with the essential requirements of the RED 2014/53/EU.
The declaration of conformity in complete form is available at the headquarters of FONEX SPA via dell'Artigianato 2/4 - 12040 - Sant'Albano Stura (CN)
